WORK EXPERIENCE

Pasadena Independent School District | 2018-Present School-Based Occupational Therapist

- Analyze assessment data and functional performance to identify needs, develop recommendations, and support measurable outcomes.
- Manage a high-volume caseload of 120+ individuals while prioritizing competing demands, maintaining accurate documentation, and coordinating services.
- Collaborate with educators, families, administrators, and multidisciplinary teams to develop and implement individualized plans.
- Evaluate and modify environments, processes, and resources to improve accessibility, efficiency, participation, and performance.
- Use Microsoft 365 applications, including Excel, SharePoint, Teams, and Outlook, to manage information, support documentation, and facilitate collaboration.
- Identify workflow and accessibility challenges and develop practical solutions to improve participation and service delivery.

Bay Area Early Childhood Intervention | 2018 Early Intervention Occupational Therapist

- Conducted developmental assessments and analyzed functional needs to develop individualized intervention strategies.
- Collaborated with families and interdisciplinary teams to monitor progress and support developmental and functional outcomes.
- Provided education and training to caregivers to promote independence and participation in daily activities.

United States Air Force | 2009-2013 Medical Technician

- Provided patient care and maintained accurate medical documentation in fast-paced healthcare environments.
- Collaborated with multidisciplinary teams to support efficient patient care and mission requirements.
- Adapted to changing priorities and operated effectively in high-responsibility environments.
